20 September 2024 – Baler, Aurora. The Fun Run Central Aurora Leg, which supports the 124th Philippine Civil Service Anniversary (PCSA) celebration, is one of the most eagerly awaited events.

The Leage of Aurora Human Resource Management Practitioners Inc. (LAHRMP) spearheaded the culminating activity for this year's PCSA.

PSA Aurora once again took part in the annual fun run in support to the program of helping government employees who are in active service and undergoing chemotherapy or dialysis treatments.

Furthermore, running is seen by PSA employees as enhancing their physical well-being, boosting their energy levels, and serving as an excellent means of unwinding after demanding workdays. This also creates camaraderie among the different agencies in both the local and national level within the province.

Indeed, the culminating activity was a combination of health and wellness and social responsibility as well.
