This activity highlighted the office’s social responsibility concern and demonstrated commitment in maintaining a clean and sustainable environment. Philippine Statistics Authority - Aurora personnel were briefed on safety protocols and the goals of the clean-up effort. This included guidelines on handling waste and the importance of teamwork. Teams were assigned in different areas of the beach to ensure comprehensive coverage and diligently, collecting litter and debris, and disposing of waste responsibly.

During the successful cleanup effort, the team gathered lots of twigs, coconut fruits drifted by the waves, some plastic bottles, bags and juice packs. Employee camaraderie was bolstered by their sense of achievement.

In addition to improving the barangay local government surroundings, PSA Aurora clean-up drive on 21 March 2025, had a significant positive impact on the participants' teamwork and sense of community duty. The favorable results demonstrated how important this program is, in encouraging environmentally friendly behavior and community involvement.
