

PRESS RELEASE

Bulacan Takes Part in PSA's Nationwide Labor Force Survey for May 2025

Date of Release: 15 May 2025
Reference No. 2025-PR-0314-07

Statistical Researcher of PSA Bulacan during Enumeration

The Philippine Statistics Authority (PSA) – Bulacan, in collaboration with Philippine National Volunteer Service Coordinating Agency (PNVSCA), is conducting the May 2025 Labor Force Survey (LFS) with the Volunteer Work Questions as its Rider from May 8 to 30, 2025, to gather data on the country's employment situation and assess the alignment of the Philippine workforce's skills with labor market demands for better employment outcomes and workforce development.

For this month's survey, three (3) Statistical Researchers (SR) have been assigned to four municipalities in Bulacan, covering a total of 99 sample households. The municipalities included are the City of Meycauayan, Hagonoy, Marilao and Santa Maria. These areas were selected to ensure a representative sample across the province.

The PSA encourages all selected households across the country to cooperate with the authorized statistical researchers, who will be conducting interviews and collecting important data. The information gathered will be used to support program development and monitor labor market conditions in the province.

The agency guarantees that all collected data will be kept confidential and used only for statistical purposes. For further inquiries, please contact us at (044) 794-0131 or via email at bulacan@psa.gov.ph.
